# ROWDY'S RANT

## THE PRESIDENTS REPORT

Hi Everyone

Ten years ago the club Steel Horses was founded, many people had doubts on the longevity of this club and we certainly had problems along the way. I never expected the newsletter or the merchandise to have lasted but I believe only two newsletters were missed over ten years, impressive. All thanks to volunteers past and present.

Committee positions can be challenging at times and I know Ynot wanted a break from treasurer duties, after all he has been on the committee for ten years, no one volunteered for the job so he put his hand up yet again. Thank you Ynot.

AGM, what a great weekend and turnout. I for one enjoyed everyone's company. For some great photos check out <https://tinyurl.com/AGM-190914> . A great effort by Yogi to join us after some incidents that may have sent some lesser people home.

Looking forward to the next 10 years. Hopefully as more of you retire you are able to join us for the midweek fun up the mountain - Mt Glorious and at Tony's in Springwood.

Cheers everyone,  
Rowdy

**Yogi**

**Photos by:**  
**Roach, Suzi Q, Mac,**  
**Benelli, Princess, Yogi**

We left Goodna after a sumptuous breaky in two separate ride routes to cater for all riders. I led the highway ride and Jak led the twisties ride. We all rode together out to Boonah where we went our separate ways.

Traffic was OK all the way on the highway with fun had by all. We noticed the drought outcome of the countryside on the way there and also noticed the complete lack of any surface water anywhere. It was humbling to see the devastation that country folk are living with.

We arrived in Stanthorpe to see that the Twisties riders had already arrived and enjoying some cold ales :)

We got all our accommodation sorted and settled in for the meeting and dinner.

The ride home saw our group break into smaller groups. I led the ride back to Warwick for the early starters to have breaky in the truck stop other side of Warwick. After downing a largish breaky, we split again into smaller groups as Jak, Ace and I went to visit a mate in Legume and the rest went down the highway.

Great weekend and pleased to be away with all our SH mates again.

Cheers

Mac

# South Ride Report

## 22 September 2019

Hi all, Pyro here,

Today looked a little wet and I think every one decided it was too risky and stayed home. Phoenix and I rode down to Yatala to find Hippy and Roach who drove down in the jeep to join us for breakfast. We had a great chat until almost 10am while waiting for late comers but none showed. After a short ride brief it was decided to call it a day and go to the movies instead. So don't feel bad about missing what was going to be a amazing ride cause we will revisit this run later down the track.

See you on the next one.

Pyro

# North Ride to Kenilworth

29 September 2019

## Ride Captain:

**Ace**

## Rider:

**Jak**

**Scouse**

**Robbie**

**Hippy**

**Specs**

## TEC:

**Mac**

## **Photos by:**

**Ace, Hippy & Rob**

We had myself leading with Jak, Mac, Hippy, Scouse, Robbie and Specs as starters.

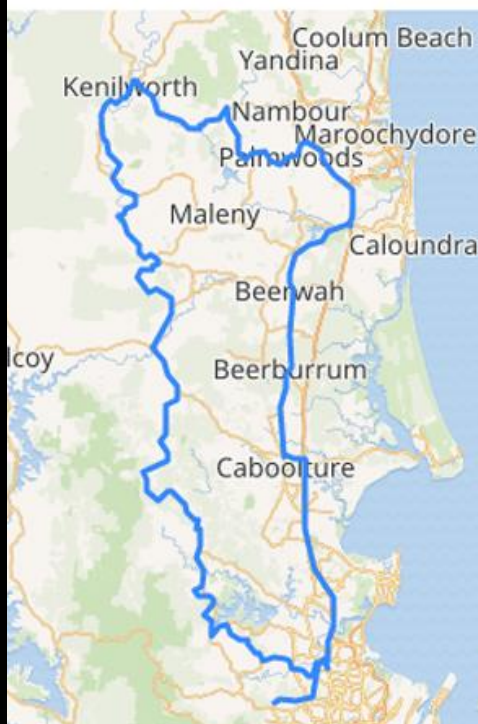

It was a fun ride enjoyed by all with plenty of twists and turns about 380kms all up. Mac was TEC. We rode Clear Mountain then on through some nice newly tared back roads into Dayboro then over Mt Mee where we stopped for our 1st bum break and a coffee at the lookout. From there we headed through Woodford, where Specs left us for home duties, up Belthorpe range and down the postman track and through Conondale, just after Conondale we turned right onto Eastern Mary River Road. Most have not travelled this road which was a nice cruise through the green plain lands at the foot of the western side of the Melany National Park mountains. That brought us out at Cameroon and onto Kenilworth pub for lunch. There happen to be a car club meeting there too with a lot of very nice HG, HT & HK Holden to admire including a host of GTS Monaro's and one even tickled Hippy's fancy with a huge lift kit and 4x4 transmutation.

After lunch we headed home via Obi Obi range and down Razorback Road into Palmwoods. Onto the highway for a bit and there was a major crash just north of Caboolture so to avoid congestion we ducked off at Steve Erwin way then onto Old Gympie Rd before re-joining the highway at Caboolture to the twin BP's where we had a break and said our goodbyes.

A great day had by all I think, but I may be a little biased.

Cheers

## Brekkie Guests

**Winnie & Worker**

**Photos by:**

**Roach & Mac**

Arriving at McDonald's Goodna I met up with Mac, Hippy, Roach, Phoenix, Pyro, Ace, Kat, Winnie and Worker. We said our goodbyes to Winnie and Worker as we left McDonald's where Winnie had driven to see us for breakfast and left in her car and Worker followed us on Mac's scrambler and turned off at Blacksoil.

My navigation app was failing me big time once again and I had to ignore it until I got to Lowood where I turned on Google maps. Our first stop was at the pub at Esk where we had a drink and a natter until we left there to head off to lunch. Phoenix and Kat left us at Esk to head back to watch the football final. The rest of us went over the range to the Farmer's Arms pub in Cabarlah for lunch.

The publican told Pyro it was simple and well signed to get on to the new bypass from there so we decided to give it a go. With many stops to consult non updated maps and a total lack of signage we finally made it and came down the bypass to head back to Blacksoil. Mac was a bit low on fuel so we stopped for fuel before Blacksoil.

We had refreshments and a chat at Blacksoil BP before saying our goodbyes and parting to head home. It was a pleasant ride but the sun was a bit bitey in the afternoon, letting us know summer is on the way.

Cheers

Jak

*wheels turnin' 'round and 'round ...*

*you go back, Jak, and do it again*

<https://emergencyapp.triplezero.gov.au>

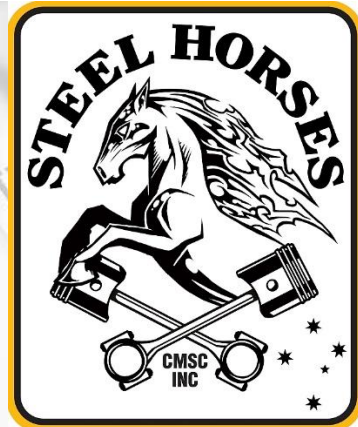

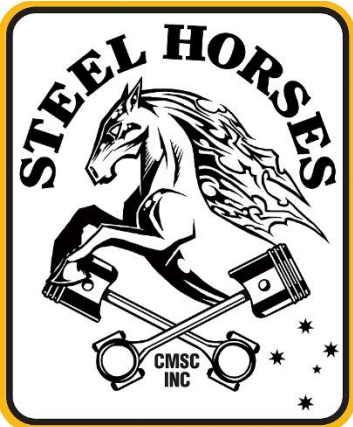

## Description

Save the app that could save your life. 'Emergency +' is a national app developed by Australia's emergency services and their Government and industry partners, helping people to call the right number at the right time, anywhere in Australia. The app uses a mobile phone's GPS functionality so callers can provide emergency call-takers with their location information as determined by their smart phone. 'Emergency+' also includes SES and Police Assistance Line numbers as options, so non-emergency calls are made to the most appropriate number. When calling Triple Zero (000), remember to stay focused, stay relevant, and stay on the line.

Before you call, ask yourself:

- \* Is someone seriously injured or in need of urgent medical help?
- \* Is your life or property being threatened?
- \* Have you just witnessed a serious accident or crime? If you answered 'Yes' to any of these questions, call Triple Zero (000). Triple Zero calls are free.

**Steel Horses**

# **Poker Run**

**The day will be approximately 1 hour ride lead by The Saints and your ride fee includes your raffle tickets, ride patch & sausage sizzle.**

**Raffles are drawn upon your return and sausage sizzle will also be ready then.**

**If you would like to volunteer on the day we can use plenty of hands for set up, BBQing and at the sign on/registration table so drop us a message and we will find u a spot.**

# MOTORCYCLE ROADWORTHYS

QUEENSLAND'S ORIGINAL MOTORCYCLE RWC MOBILE INSPECTION SERVICE

**FREECALL 1800 BIKE RWC**

**1800 245 379**

[Safety Certificates](#)[Pre Purchase Inspections](#)[Minor Repairs](#)[Service Area](#)[Testimonials](#)[FAQ](#)[Contact](#)

## Queensland Safety Certificates

If you're buying a used motorcycle you need to ensure there's a current Queensland safety certificate displayed. A safety certificate identifies the authorised inspection station (AIS) that's issued the certificate, and it must be displayed on the motorcycle from the time it's offered for sale.

If you're selling a registered motorcycle, you'll need to obtain and display a Queensland safety certificate from the moment you offer the motorcycle for sale.

### What is a safety certificate?

A safety certificate's issued after a motorcycle passes an minimum safety standard inspection. A safety certificate covers basic things that could affect the safe operation of the vehicle, including:

- tyres
- brakes
- steering
- suspension
- rust or damage
- lights

The safety certificate offers buyers better protection and makes sure vehicles being offered for disposal or being re-registered are safe - reducing the likelihood of crashes caused by defective vehicles.

### When is a safety certificate required?

You're required to display a safety certificate on any registered motorcycle from the moment you offer the vehicle for sale, including when you:

- list the vehicle for sale online; or
- place the vehicle in public offering it for sale; or
- ride the vehicle while displaying a sign such as *For Sale - Phone 1234 5678*

**Note:** You're required to obtain and display a safety certificate on a registered motorcycle when it is being offered for sale, even if you plan cancelling the registration when the motorcycle's sold.

Unregistered second hand and registered interstate motorcycles must have a safety certificate as part of the Queensland pre-registration process (unless exempt).

Safety certificates must be displayed on a motorcycle in a conspicuous place, i.e. front forks or guard.

**Failure to display a Queensland Department of Transport and Main Roads Safety Certificate on the motorcycle from the time it's first offered for sale can carry an on-the-spot fine penalty of \$550.**

## When is a safety certificate not needed?

### Selling a motorcycle without a safety certificate

Motorcycles that are unregistered or are traded to, or between, licensed motor dealers do not require a safety certificate. Motorcycles can still be sold for parts but they must be de-registered before being offered for sale.

### Transferring a vehicle without a safety certificate

You don't need a safety certificate if the motorcycle meets one of the exemption criteria. Some exemption situations may include:

- the disposer being in an exempt area
- a beneficiary of a deceased estate
- between spouses, including separated spouses
- remote locations

For more information on exemptions, phone 13 23 80.

## How long are safety certificates current for?

The time a safety certificate is valid for varies depending on who is selling the vehicle:

- licensed motor dealers: certificates are valid for 3 months or 1000km (whichever comes first) from date of issue
- all other sellers: certificates are valid for 2 months or 2000km (whichever comes first) from date of issue

The same safety certificate can be used to register an unregistered vehicle and to transfer the registration of that vehicle, provided it is within the limits set out above.

A new safety certificate is needed each time you sell the vehicle even if it is within the limits above. A single safety certificate cannot be used for two transfers.

## Who issues safety certificates?

Safety certificates can only be issued by approved inspection stations. **Motorcycle Roadworthys** is an approved inspection station and will travel to your home, your place of work, or wherever your motorcycle happens to be to undertake an inspection and issue a safety certificate.

## Minimise the chance of your motorcycle failing first inspection

A failed safety certificate inspection is inconvenient and time consuming, and more often than not it's only minor and easily rectifiable faults that prevent a pass; faults you could've identified and fixed prior to inspection.

For a better understanding of what a vehicle inspector looks for and to help identify possible reasons for inspection rejection, visit [www.safetycert.info](http://www.safetycert.info) to access the *Queensland Department of Transport and Main Roads Code of Practice - Vehicle Inspection Guidelines*.

Although vehicle inspection is subjective and inspection guidelines are open to varying interpretation from inspector to inspector, if you follow the guidelines section by section whilst carrying out your own inspection, you should be able to identify and remedy any existing faults prior to a safety certificate inspection.

# SCOUSE & WINNIE

are having their birthday in October!

!!! Happy Birthday !!!

**Personality traits of Libra's** (Sep 23 to Oct 22): Symbolized by the Scales of Justice, Libra epitomizes balance and fairness. This sign's influence helps restore equilibrium to all affairs, no matter how big or small. From settling a major legal or ethical conflict to determining the best place to hang a painting, Libra energy will stop at nothing to establish interpersonal and aesthetic consonance. The essence of Libra energy is charming, fair, sincere, sharing, and hopelessly romantic!

*OK ... You're a year older, and older than you've ever been before. But you're a year younger than you'll be next year at this time, and in fact younger than you'll ever be again! So it's all good! :-)*

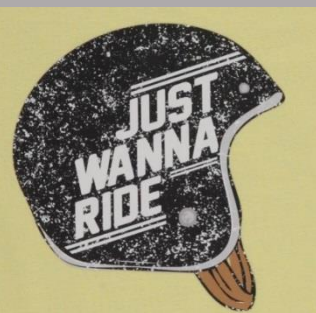

**HAPPY BIRTHDAY  
SCOUSE**

**HAPPY BIRTHDAY  
WINNIE**
