# ROWDY'S RANT

## THE PRESIDENTS REPORT

Hi Everyone and welcome to the November News Letter.

I'd like to start off by thanking Hippy for taking on the south ride as captain. The ride captains are arguably the most important members of the club because as I've always said "the club goes nowhere" without them, I'll leave that for you to decide.

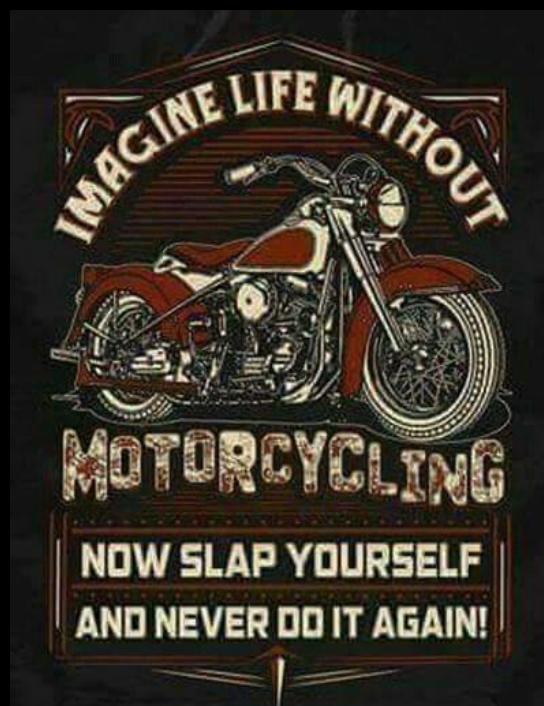

For those who haven't received their "commemorative ride patches" come along to Tuesday's meeting on the 19<sup>th</sup> November and grab them.

The main event this month of course is the combined Poker Run and Xmas lunch. We start at the South meeting point (Yatala) leaving at 9am Sharp, (don't forget to fill up before) then on to Windaroo Golf Club, Burnside Tavern, Redland Bay Hotel and on to the Glen Hotel.

Drastic and SuziQ have kindly invited the club to their Annual Christmas BBQ, Saturday 21<sup>st</sup> December 6:30pm (please ask committee member for details).

Cheers .....

Hi all, Pyro here,

Today we had a good turn out given the fact it was Bathurst day, so here goes.

We started by doing a little light riding around Jacobs Well with many turns and finally stopping at the Burnside Tavern for a drink getting there around 10.15 am. After a short stop and chin wag we headed out down the freeway to Pimpama and over the freeway and through some back roads off towards Beechmont and then down to Canungra for lunch which was very busy. After lunch we headed the back roads to Beenleigh for our goodbyes at the BP near the large roundabout. It was nice having our visitors Quinton and Kathy along and I hope you all have the opportunity to meet them, they are a very nice couple who should be a lot of fun to have around. This was a really nice ride today so it will be revisited at a later date for those who missed out today. Hippy is taking the next South ride on the 3<sup>rd</sup> of November so if you can make it I am sure it will be well worth it.

Left from Castledine as usual and headed for Wamuran Bakery for morning tea and bum break via as many twisties as we could fit in. Cambells Pocket Road, Clear mountain, Scout Rd, Morayfield then North road through to Wamuran.

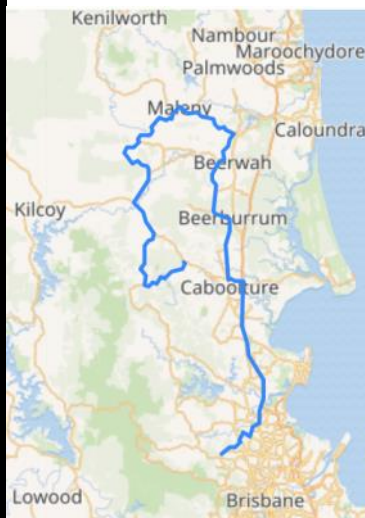

Left here and proceeded straight to the Bellthorpe range where we left rubber from the sides of our tyres on the road :)

Arrived at Maleny Pub for lunch where we met up with Jak.. A bit expensive there now.

After lunch we went through Gympie Road all the way back to Caboolture then back out onto the highway for Twin BPs coffee. Ice creams and said our good byes.

Cheers

Hi all, Pyro here,

Phoenix sent me a message last month about a little café in Dalby that had won the best breakfast in Queensland award. After reading it I thought it might be a good place to try, so about three hours after I received her text I messaged her back telling her that we were booked in and I had sent out an email to the usual suspects who might like to make a trip up to Dalby. We had a good turn out with Steiny, Hippy & Roach, Kim & Sue, Neil & Robyn, Colin & Hayley and Phoenix and myself. We met at Maccas Goodna about 8am for breakfast and a chat, leaving around 9am and heading out to Esk via a few side tracks getting there at the pub about 10.15 am. Steiny went straight to the pub and was there waiting when we arrived. The temp was ok at that time but was looking like it was going to get hot very soon. We went up Esk, Hampton Road and turned right at the top and headed towards the Goombungee turn-off and on to the Pioneer Arms Hotel for lunch and a great little pub it is, the food was great. We chilled out there till 1.30 pm and as we were leaving Steiny asked what way we were going and I said the long way. We headed north towards Haden and then west and around the outback and eventually we arrived at Dalby about 3pm. We stayed at the Park View Motel and the rooms were quite good, dinner was up the road at the Criterion Hotel. We started with drinks in the garden and had a good laugh when one of the waitresses placed a food plate on our table intended for the 2009 class reunion. We were most flattered that anyone could think any of us could be from a class in 2009. After a good meal we turned in for the night and arranged to meet at 7.30am for breakfast. Breakfast at the Urban Paddock café was great and well worth the trip. We mostly stayed on the main road but I thought the town was very cute and well maintained, the roads were smooth and clean. Leaving around 9.40am we headed straight out on the Warrego towards Toowoomba and then turned left onto the new bypass road while its still a toll free road, stopping at Plainlands for a cool drink and our goodbyes.

We left around midday and we got home about 1.10pm. Our trip up was about 250km from Goodna to Dalby and a little under 200km back down the freeway to Goodna. Phoenix and I had a great time and hope all who came did too. Thanks to those who made the trip as it's you guys who make it worth while. See you on the next one.

At Goodna I met up with Mac, Ace, Boots with visitor Lynette, Sam and Rob. Worker and Winnie came down to see us for breakfast and Winnie updated us with progress of her treatment.

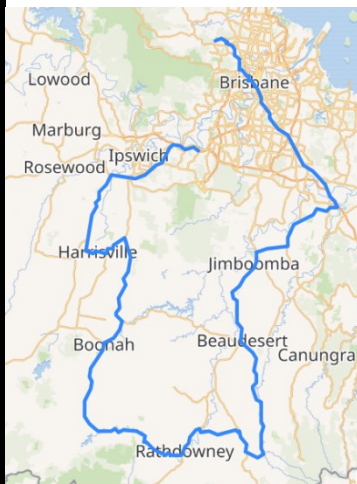

We said our goodbyes to Winnie and Worker and left Maccas at Goodna and headed out on the highway towards Warwick. I turned off the A15 on the Warrill View Road and through Peak Crossing on the way to our first break at the Dugundan pub.

After a drink at the pub we said goodbye to Sam who had chores to do and we headed off to lunch at the Veredale pub via Christmas Creek. This was a test for my navigation app that had failed me in the past. This time I think I have it sorted and it lead me correctly all day. We had lunch and a drink at the pub and said our goodbyes and headed off in different directions. Another great day with great mates on the road in increasing temps... its getting warm out there.

Cheers

Today was my first time leading a full Sunday ride, so it was great to see such a good turnout at the Yatala BP for breakfast, especially after the weather over the last couple of days. But the weather god relented, and it stayed fine for the entire ride. We had a couple of guests on their second ride with us, Quinton & Kathy on their Harley Road King, Brad on his DR, as well as Boot's new friend Lynette. After the ride brief, we hit the road at around 9:15. We headed out through Norwell and Pimpama, then down the back roads to Upper Coomera, Mt Nathan, Advancetown and down to Mudgeeraba for our first stop. I did cop a little flak for pulling into the Aldi parking lot, but The Oak Café across the road has no parking. They did a great job with coffee's and the service was good though.

After a short break, we were heading south via Old Coach Rd, through Currumbin Valley, down Tomewin Rd to Riverside drive. After crossing the Tweed river and a minor malfunction of Google Maps, we missed out part of the planned route and cruised down to the Riverview Hotel in Murwillumbah for lunch. This place doesn't look like much from the outside, but it has a deck right on the river, and the food was pretty good too. A relaxing lunch on the river with good friends and dubious conversation. What more could you ask for?

After lunch, we head north via Chillingham, Numinbah Valley, Advancetown and onto the highway at Molendinar. Up the highway to Coomera BP for an ice cream and our goodbyes. While the ride was via some slower roads than normal, everyone seemed to enjoy the day and the company. Thanks to all those who attended making my first ride captaincy a memorable one (for me)

Cheers

We left Castledine with a visitor this morning. He is well known to us Northern riders, he is a good friend of Kyle who has displayed some interest in our group. Graham is a top bloke and is considering joining us. We meandered through all the usual suspect places and also fitted in a reverse ride down through Campbells Pocket Road through to Wamuran where we stopped for a bum break and coffee at the bakery. From there we headed straight for Bellthorpe range. It did not disappoint anyone :) On our return down to the highway, we came across a rider who desperately needed some cable ties to hold up a broken Side Stand.....Good deed done, we headed for Kilcoy. We had to be detoured to bypass one of the many smaller brush fires today but wasn't held up for too long.

We stopped at Somerset dam general store for some lunch and drinks then onto the hill climb up Mt Glorious and onto the Mt Glorious Cafe for a ride call and some more conversation. From here we said our goodbyes and rode down the twistie road and on to our respective homes. Great day. Great company.

Cheers

## Description

Save the app that could save your life. 'Emergency +' is a national app developed by Australia's emergency services and their Government and industry partners, helping people to call the right number at the right time, anywhere in Australia. The app uses a mobile phone's GPS functionality so callers can provide emergency call-takers with their location information as determined by their smart phone. 'Emergency+' also includes SES and Police Assistance Line numbers as options, so non-emergency calls are made to the most appropriate number. When calling Triple Zero (000), remember to stay focused, stay relevant, and stay on the line.

Before you call, ask yourself:

- \* Is someone seriously injured or in need of urgent medical help?
- \* Is your life or property being threatened?
- \* Have you just witnessed a serious accident or crime? If you answered 'Yes' to any of these questions, call Triple Zero (000). Triple Zero calls are free.

QUEENSLAND'S ORIGINAL MOTORCYCLE RWC MOBILE INSPECTION SERVICE

**FREECALL 1800 BIKE RWC**

**1800 245 379**

[Safety Certificates](#)[Pre Purchase Inspections](#)[Minor Repairs](#)[Service Area](#)[Testimonials](#)[FAQ](#)[Contact](#)

## Queensland Safety Certificates

If you're buying a used motorcycle you need to ensure there's a current Queensland safety certificate displayed. A safety certificate identifies the authorised inspection station (AIS) that's issued the certificate, and it must be displayed on the motorcycle from the time it's offered for sale.

If you're selling a registered motorcycle, you'll need to obtain and display a Queensland safety certificate from the moment you offer the motorcycle for sale.

### What is a safety certificate?

A safety certificate's issued after a motorcycle passes an minimum safety standard inspection. A safety certificate covers basic things that could affect the safe operation of the vehicle, including:

- tyres
- brakes
- steering
- suspension
- rust or damage
- lights

The safety certificate offers buyers better protection and makes sure vehicles being offered for disposal or being re-registered are safe - reducing the likelihood of crashes caused by defective vehicles.

### When is a safety certificate required?

You're required to display a safety certificate on any registered motorcycle from the moment you offer the vehicle for sale, including when you:

- list the vehicle for sale online; or
- place the vehicle in public offering it for sale; or
- ride the vehicle while displaying a sign such as *For Sale - Phone 1234 5678*

**Note:** You're required to obtain and display a safety certificate on a registered motorcycle when it is being offered for sale, even if you plan cancelling the registration when the motorcycle's sold.

Unregistered second hand and registered interstate motorcycles must have a safety certificate as part of the Queensland pre-registration process (unless exempt).

Safety certificates must be displayed on a motorcycle in a conspicuous place, i.e. front forks or guard.

**Failure to display a Queensland Department of Transport and Main Roads Safety Certificate on the motorcycle from the time it's first offered for sale can carry an on-the-spot fine penalty of \$550.**

## When is a safety certificate not needed?

### Selling a motorcycle without a safety certificate

Motorcycles that are unregistered or are traded to, or between, licensed motor dealers do not require a safety certificate. Motorcycles can still be sold for parts but they must be de-registered before being offered for sale.

### Transferring a vehicle without a safety certificate

You don't need a safety certificate if the motorcycle meets one of the exemption criteria. Some exemption situations may include:

- the disposer being in an exempt area
- a beneficiary of a deceased estate
- between spouses, including separated spouses
- remote locations

For more information on exemptions, phone 13 23 80.

## How long are safety certificates current for?

The time a safety certificate is valid for varies depending on who is selling the vehicle:

- licensed motor dealers: certificates are valid for 3 months or 1000km (whichever comes first) from date of issue
- all other sellers: certificates are valid for 2 months or 2000km (whichever comes first) from date of issue

The same safety certificate can be used to register an unregistered vehicle and to transfer the registration of that vehicle, provided it is within the limits set out above.

A new safety certificate is needed each time you sell the vehicle even if it is within the limits above. A single safety certificate cannot be used for two transfers.

## Who issues safety certificates?

Safety certificates can only be issued by approved inspection stations. **Motorcycle Roadworthys** is an approved inspection station and will travel to your home, your place of work, or wherever your motorcycle happens to be to undertake an inspection and issue a safety certificate.

## Minimise the chance of your motorcycle failing first inspection

A failed safety certificate inspection is inconvenient and time consuming, and more often than not it's only minor and easily rectifiable faults that prevent a pass; faults you could've identified and fixed prior to inspection.

For a better understanding of what a vehicle inspector looks for and to help identify possible reasons for inspection rejection, visit [www.safetycert.info](http://www.safetycert.info) to access the *Queensland Department of Transport and Main Roads Code of Practice - Vehicle Inspection Guidelines*.

Although vehicle inspection is subjective and inspection guidelines are open to varying interpretation from inspector to inspector, if you follow the guidelines section by section whilst carrying out your own inspection, you should be able to identify and remedy any existing faults prior to a safety certificate inspection.

# JAK, YOGI, PRINCESS & MAC

are having their birthday in November!

!!! Happy Birthday !!!

**Personality traits of Scorpio's** (Oct 23 to Nov 22): Scorpios appreciate being listened to and love when others ask them for their opinion. They are incredibly socially aware and possess an emotional intelligence above average although at times they are so stubborn that this can be easily overlooked. They dislike mediocrity and hate nothing more than having to work with people who lack seriousness. They love being in the spotlight but they are also very secretive with many aspects in their lives. They can be determined and hypnotic. Scorpio people are usually full of curiosity and those born this day make no exception. They want to know what is going on everywhere. Many of their surprising actions show how fearless they can be when they have the right motivation. Those born under this sign are also a jovial company when in good temper.

*OK ... You're a year older, and older than you've ever been before. But you're a year younger than you'll be next year at this time, and in fact younger than you'll ever be again! So it's all good! :-)*

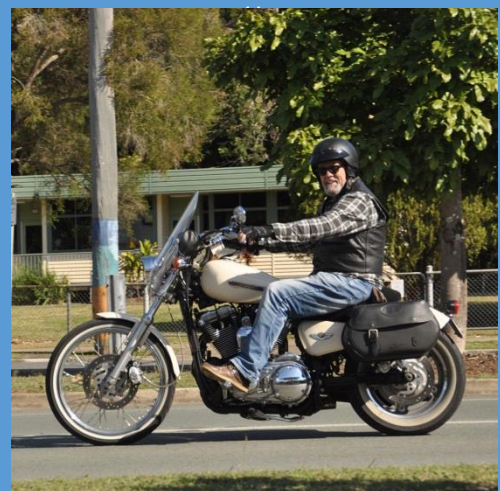

**HAPPY BIRTHDAY

Codewords are like crossword puzzles - but have no clues! Instead, every letter of the alphabet has been replaced by a number, the same number representing the same letter throughout the puzzle.

All you have to do is decide which letter is represented by which number!

To start you off, we reveal the codes for three letters.

With these letters filled in throughout the puzzle, you'll have enough clues to start guessing words and discovering other letters.
