Hi all, Pyro here,

Today the weather turned into a beautiful day with good friends riding some great roads.

I arrived about 8.15am and Yogi got there a few minutes later. Visitors Quinton & Kathy came on their new Harley and a few minutes after that Hippy & Roach arrived. We talked for awhile and then headed out for a mystery ride as most of the roads around had been flooded and we might have to turn around if we take the wrong route. We headed through some back roads and over to Mundoolan and back down to Canungra for our first stop at the Outpost. After a short break we headed around to Clagiraba and then over to the valley around Tamborine and up to Oxenford and up the freeway to the Burnside tavern for lunch. We had a great chat and after lunch we called it a day and all left for home. The ride was approx. 160km back to Burnside Tavern. It was good to see Yogi on his first full ride this year.

Hope to see you all on the next one. Stay upright.

# Club Meeting

## 18 February 2020

We had 10 members - Rowdy, Ynot, Mac, Jak, Yogi, Steiny, Disco & Chantoozy, Hippy & Roach that were in attendance tonight. We celebrated another 2 birthdays. Ynot was cruising the high seas in January so we celebrated his birthday tonight. Happy birthday Ynot for 14th Jan and Happy Birthday to Roach for 6th Feb. Thank you to Phoenix for organising my cake of behalf of the club. Thank you to Hippy for bringing in a second cake for Roach. Tonight's raffle prize was donated by Hippy & Roach, drawn by Roach and won by Yogi.

# Joe's Diner Bike Night

## 22 February 2020

Jak, Mac, Hippy and Rowdy met up at Joe's Diner around 4.30pm. A view of the stalls on display and the bikes for about an hour then the guys were on their bikes getting ready to head to Kawasaki-Yamaha's 2020 Ultimate Bike Night in Springwood. As the guys were leaving Joe's Diner Yogi was just arriving. A quick chat then Yogi joined Jak, Mac, Hippy and Rowdy for the ride out to Springwood. At Kawasaki/Yamaha the guys met up with Rob and his daughter Abbey plus Roach. We viewed the displays, watched the stunt shows and slow drags. We also enjoyed tasty snacks from the food vendors Brat Haus German Sausage and yummy wings from the King of Wings. A great night out with us heading for home just before 8pm. Cheers Roach

# SUNDAY

## 23 February 2020

Mac....Ride Captain.

Jak ....TEC

We left Carseldine at 8 am as advised for the early bird ride. Rode out to the Pit Stop Cafe for coffee then on to the Bellthorpe range and back through twistie roads in the north coast hinterland. We said our goodbyes around Landsborough and headed for home.

Not much to report with just Jak and I but we had a great time exploring random roads less travelled and home by lunch.

Finally great weather as I arrived at Maccas Goodna and met John, a visitor on a Harley Road King (obviously a man of taste). Disco was already there and then soon Mac, Drastic, Pyro, Phoenix, Hippy, Roach, Scouse on his new (Harley Low Rider) and Neal another visitor arrived. Yogi, Winnie and Worker arrived to see us for breakfast.

We hit the road shortly after 9 and headed down through Peak Crossing to the Dugendan hotel for our first break. After a drink and a chat I attempted to set my navigation app and we set off to Rathdowney with the stupid contraption trying to send me back to the start point the whole time. I reset it at Rathdowney and it continued to send me on the wrong path until I gave up on it and turned around and headed to the Veresdale pub for lunch.

After a very nice lunch there most of the group headed off for home and Scouse, Hippy, Roach and John headed back over Mt Tambourine, down Henri Roberts drive and finishing the ride at the Coomera servo. A confusing day on the road but still a good day out with good mates.

Cheers

Jak

Hi all, Pyro here,

Today we arrived at our starting point to find a good group of friends all looking forward to a good weather day and a nice relaxing ride around the mountains. Eight bikes and one pillion a good turn out for the questionable conditions but as it turned out to be a great dry run and not too hot. We left on time heading under the freeway and over to Mundoolan via some back roads and over to the Outpost Café at Canungra for our first bum rest.

After a short rest we headed up and around Beechmont, they are still fixing the road so we might stay clear for a few months. Drastic, Ace and Jak wanted to have a break out so they passed me on the first part of Beechmont and waited for us at the end near Advancetown. I passed them at the T junction and they filed in the group and we proceeded over Clagiraba and then through the valley before going to lunch at the Fox & Hound on Tamborine Mountain. After lunch we headed over Tamborine and down to the Bearded Dragon for our goodbyes and a drink and chat. A note for future rides the Fox & Hound is a nice pub but in my opinion a bit expensive. Next time we do this run we will stop at another pub for lunch.

Hope to see you on the next Pyro adventure. Stay safe.

# BIKE MAINTENANCE

A friendly reminder to check your bike regularly. Please take the time to have a good look around your bike. A quick check of tyre condition and pressure, as well as a general once over of brakes, lights etc could save you a lot of hassles. Look for oil leaks or things that might require a little lube. Look for items that might be working loose, like number plates, as well. Let's all have a safe ride and keep the shiny side up.

Honda Fury brake pads. Rear brake pads have been worn down to bare metal – Luckily enough for Hippy the fault was found and pads were replaced without any incidents on the road.

## Description

Save the app that could save your life. 'Emergency +' is a national app developed by Australia's emergency services and their Government and industry partners, helping people to call the right number at the right time, anywhere in Australia. The app uses a mobile phone's GPS functionality so callers can provide emergency call-takers with their location information as determined by their smart phone. 'Emergency+' also includes SES and Police Assistance Line numbers as options, so non-emergency calls are made to the most appropriate number. When calling Triple Zero (000), remember to stay focused, stay relevant, and stay on the line.

Before you call, ask yourself:

- \* Is someone seriously injured or in need of urgent medical help?
- \* Is your life or property being threatened?
- \* Have you just witnessed a serious accident or crime? If you answered 'Yes' to any of these questions, call Triple Zero (000). Triple Zero calls are free.

QUEENSLAND'S ORIGINAL MOTORCYCLE RWC MOBILE INSPECTION SERVICE

**FREECALL 1800 BIKE RWC**

**1800 245 379**

[Safety Certificates](#)[Pre Purchase Inspections](#)[Minor Repairs](#)[Service Area](#)[Testimonials](#)[FAQ](#)[Contact](#)

## Queensland Safety Certificates

If you're buying a used motorcycle you need to ensure there's a current Queensland safety certificate displayed. A safety certificate identifies the authorised inspection station (AIS) that's issued the certificate, and it must be displayed on the motorcycle from the time it's offered for sale.

If you're selling a registered motorcycle, you'll need to obtain and display a Queensland safety certificate from the moment you offer the motorcycle for sale.

### What is a safety certificate?

A safety certificate's issued after a motorcycle passes an minimum safety standard inspection. A safety certificate covers basic things that could affect the safe operation of the vehicle, including:

- tyres
- brakes
- steering
- suspension
- rust or damage
- lights

The safety certificate offers buyers better protection and makes sure vehicles being offered for disposal or being re-registered are safe - reducing the likelihood of crashes caused by defective vehicles.

### When is a safety certificate required?

You're required to display a safety certificate on any registered motorcycle from the moment you offer the vehicle for sale, including when you:

- list the vehicle for sale online; or
- place the vehicle in public offering it for sale; or
- ride the vehicle while displaying a sign such as *For Sale - Phone 1234 5678*

**Note:** You're required to obtain and display a safety certificate on a registered motorcycle when it is being offered for sale, even if you plan cancelling the registration when the motorcycle's sold.

Unregistered second hand and registered interstate motorcycles must have a safety certificate as part of the Queensland pre-registration process (unless exempt).

Safety certificates must be displayed on a motorcycle in a conspicuous place, i.e. front forks or guard.

**Failure to display a Queensland Department of Transport and Main Roads Safety Certificate on the motorcycle from the time it's first offered for sale can carry an on-the-spot fine penalty of \$550.**

## When is a safety certificate not needed?

### Selling a motorcycle without a safety certificate

Motorcycles that are unregistered or are traded to, or between, licensed motor dealers do not require a safety certificate. Motorcycles can still be sold for parts but they must be de-registered before being offered for sale.

### Transferring a vehicle without a safety certificate

You don't need a safety certificate if the motorcycle meets one of the exemption criteria. Some exemption situations may include:

- the disposer being in an exempt area
- a beneficiary of a deceased estate
- between spouses, including separated spouses
- remote locations

For more information on exemptions, phone 13 23 80.

## How long are safety certificates current for?

The time a safety certificate is valid for varies depending on who is selling the vehicle:

- licensed motor dealers: certificates are valid for 3 months or 1000km (whichever comes first) from date of issue
- all other sellers: certificates are valid for 2 months or 2000km (whichever comes first) from date of issue

The same safety certificate can be used to register an unregistered vehicle and to transfer the registration of that vehicle, provided it is within the limits set out above.

A new safety certificate is needed each time you sell the vehicle even if it is within the limits above. A single safety certificate cannot be used for two transfers.

## Who issues safety certificates?

Safety certificates can only be issued by approved inspection stations. **Motorcycle Roadworthys** is an approved inspection station and will travel to your home, your place of work, or wherever your motorcycle happens to be to undertake an inspection and issue a safety certificate.

## Minimise the chance of your motorcycle failing first inspection

A failed safety certificate inspection is inconvenient and time consuming, and more often than not it's only minor and easily rectifiable faults that prevent a pass; faults you could've identified and fixed prior to inspection.

For a better understanding of what a vehicle inspector looks for and to help identify possible reasons for inspection rejection, visit [www.safetycert.info](http://www.safetycert.info) to access the *Queensland Department of Transport and Main Roads Code of Practice - Vehicle Inspection Guidelines*.

Although vehicle inspection is subjective and inspection guidelines are open to varying interpretation from inspector to inspector, if you follow the guidelines section by section whilst carrying out your own inspection, you should be able to identify and remedy any existing faults prior to a safety certificate inspection.

# SUZIQ & DISCO

are having their birthday in March!

**Personality traits of Pisceans (Feb 19 to Mar 20)**

Pisces are extremely psychic and can amaze people with their uncanny ability to predict things. They are usually gifted in anything creative from designing to music. They are also very clever when they want to be. They have the most stunning eyes and that's the first thing that attracts the opposite sex. They are probably the first ones to start a rumour and could find it a bit tough to keep a secret. They are everyone's friend so can be a touch easily led because fish have no backbones. In other words they can't say 'no'. Pisces like quiet places and beautiful surroundings and probably wouldn't thank you for giving them a surprise party. Codewords are like crossword puzzles - but have no clues! Instead, every letter of the alphabet has been replaced by a number, the same number representing the same letter throughout the puzzle.

All you have to do is decide which letter is represented by which number!

To start you off, we reveal the codes for three letters.

With these letters filled in throughout the puzzle, you'll have enough clues to start guessing words and discovering other letters.
